

## Virginia Mortgage Relief Program

### Consolidated Term Sheet

This Term Sheet contains the criteria and terms<sup>1</sup> for each of the three Virginia Housing Development Authority (Virginia Housing) program options under its Homeowner Assistance Fund (HAF) program, known as the Virginia Mortgage Relief Program (VMRP). This program is being supported, in whole or in part, by federal award number HAF-0092 awarded to the State of Virginia by the US Department of the Treasury (Treasury).

Criteria	Terms
HAF Program Overview	The HAF program was established under Section 3206 of the American Rescue Plan Act of 2021 to mitigate financial hardships associated with the coronavirus pandemic by providing funds to eligible entities, such as Virginia Housing, for the purpose of preventing homeowner mortgage delinquencies, defaults, foreclosures, and displacements of homeowners experiencing a qualified financial hardship due to the COVID-19 pandemic through the provision of assistance to cover qualified expenses related to mortgages and housing.
Description of VMRP Programs	<p><b>Program Option #1: Reinstatement program.</b></p> <p>The reinstatement program option is a lump sum grant to bring eligible first and subordinate mortgage(s) expenses current up to the maximum VMRP per household assistance cap.</p> <p>This option will be provided to homeowners whose housing expense to income ratio (HTI) is documented to be <u>equal to or less than</u> 40%.</p> <p>This option provides funds to eliminate past due mortgage payments and other eligible housing expenses.</p>

<sup>1</sup> Eligibility for VMRP assistance can only be determined upon a review of a completed VMRP application and all required supporting documentation. In the event of a conflict, the VMRP Plan and Virginia Housing's VMRP policies and procedures, both as may be updated from time to time, will control. This Term Sheet is subject to being supplemented or otherwise amended at any time.
